

“One acre of forest absorbs six tons of carbon dioxide and puts out four tons of oxygen. This is enough to meet the needs of eighteen people.”
(Every day) *USDA Forest Service*

Queeny Park Barn Garden / Lilac Walkway Brick Location

St. Louis County Parks is dedicated to the reforestation, enhancement & development of our urban and community forests.

You can be a contributing factor to the high quality of life that exists in our parks through the Urban Tree Program.

Participants may engrave a bevel-edged brick with their personal message; sponsor the planting of a tree or the placement of a park bench.

Your donation to the program will improve the quality of life for present and future generations by preserving and improving the natural scenic and recreation sites for their enjoyment.

Recycled Plastic Bench

Benefits of Urban & Community Forests:

- Help people maintain their connection to nature.
- Help people reduce stress.
- Provide habitats for birds and animals.
- Create wildlife and plant diversity.
- Reduce air pollution.
- Lower temperatures through shade.

URBAN TREE PROGRAM
