# COMMUNITY ASSOCIATIONS INSTITUTE

Building Better Communities

Founded in 1973, CAI and its 60 U.S. and international chapters provide information, education and resources to the homeowner leaders and professionals who govern and manage homeowners associations, condominium communities. CAI's 30,000-plus members include community association board members, other homeowner leaders, community managers, association management firms and other professionals who support common-interest communities.

## CAI SERVES ASSOCIATIONS BY:

- Advancing excellence through seminars, workshops, conferences and education programs
- Publishing the largest collection of resources available on community association management and governance
- Advocating on behalf of community associations and their residents before legislatures, regulatory bodies and the courts
- Conducting research and serving as an international clearinghouse for information, innovations and best practices

CAI believes community associations should strive to exceed the expectations of their residents. Our mission is to inspire professionalism, effective leadership and responsible citizenship, ideals that are reflected in communities that are preferred places to call home.
