

2016 - 2017 VETERANS RESOURCE DIRECTORY FOREWORD

This Veterans Resource Directory was first published in 1987 to assist veterans and their families in finding necessary information and referral sources. Through the years we have updated and expanded the information in this directory. We offer you the best resource information available in response to community need relating to veterans and human services professionals. The Veterans Resource Directory has been very well received, and we would like to thank all those people who have helped us update and print this directory. Our directory has been replicated in many other states and is a well-worn resource for many St. Louis area veteran advocates. We are constantly striving to provide new information and to keep up with the daunting task of updating hundreds of telephone numbers and addresses in an ever-changing world.

This directory is a product of the Saint Louis County Office of Family and Community Services, County Veterans Program. As a division of the Saint Louis County Department of Human Services, the Office of Family and Community Services are comprised of four components: County Older Resident Programs, County Homeless Services Program, County Veterans Program, and County Youth Programs. Though these programs all have services that target specific populations, they also work in concert with other programs to provide services for those St. Louis County residents who may find themselves "falling through the cracks" of other organizations. Though developed for veterans this directory is designed to offer resources to all of our customers. We will continue to provide you with quality information and referral services through the publication of this Veterans Resource Directory.

If you need additional information or wish to speak to a Veterans Representative, please contact:

Services provided to Veterans:

Saint Louis County Veterans Program is designed to be a viable resource for Veterans seeking assistance. We have the capability of delivering direct services and the ability to collaborate with other agencies to address a wide variety of the needs of Veterans in our community. Our staff provides traditional Case Management, Information, Advocacy and Referral services to help Veterans obtain social services and VA benefits. These benefits include, but are not limited to: legal, medical, employment and housing. We also offer free transportation to medical appointments for disabled Veterans residing in St. Louis County who are mobility impaired. Lastly, the Veterans Program team is active in hosting and participating in Special Projects and Community Outreach Events to provide resources to targeted veteran populations.

Phone: (314) 657-1650, Fax: (314) 612-5909

Services provided to Veterans:

The St. Louis City Department for Human Services, Office of Veterans Affairs serves in the roles of advocate, resource facilitator, and referral source for veterans and their families at risk due to poverty, chemical dependency and mental illness. Our main goal is to assist eligible veterans in obtaining services, benefits, and other resources.

Assistance is provided through office visits, in response to telephone inquiries, and through community outreach. Services include: Intake and Referral for Veterans and their families for a wide variety of services, Implementation of St. Louis Veterans Legal Project, and Planning, Collaboration, and Implementation of Special Veteran Events.

Saint Louis County Veterans Program is a part of Saint Louis County Government's Department of Human Services. County residents are afforded an equal opportunity to participate regardless of race, color, national origin, sex, age, disability, religion, or political affiliation.

We make every effort to accommodate individuals with disabilities as addressed by the Americans with Disabilities Act. Persons needing this publication in an alternative format should contact the County Veterans Program Supervisor at: (314) 615-7414.

teachers in elementary, secondary, career
and technical, or special education schools.
Aims of this program are to relieve teacher
shortages, especially in math, science,
special education and other high need
subject areas, while also assisting military
personnel in making successful transitions to
second careers in teaching.

The program has the potential to link Troops
To Teachers with the GI Bill to create a
truly unique incentive to attract high quality
role models to help alleviate the shortage of
qualified teachers.
