**DISCLAIMER:** Municipal boundaries, zoning boundaries, and their associated data are maintained by the St. Louis County Department of Planning, and reflect the most current data available as of the publish date of the CD. Parcel boundaries and their associated data are maintained separately by the St. Louis County Department of Revenue and similarly reflect the most current data available as of the publish date of the CD. Though every attempt is made to ensure accuracy, errors in feature placement, naming, and coding can and do occur. Accordingly the St. Louis County Department of Planning does not warrant the accuracy of the spatial data listed below for purchase.

Other features featured on these CDs were obtained from various Federal, State, County, and local government sources and are available in the public domain. The Department of Planning is not responsible for maintaining or distributing these digital files.

St. Louis County and its officials and employees assume no responsibility or liability for the accuracy, completeness, reliability, timeliness, or usefulness of any information available on this CD(s) nor do they represent that the use of any information will not infringe privately owned rights.
