

Formulary Overview for Members

Your plan with the St. Louis Department of Health has specific guidelines you must follow to get prescription coverage.

- ▶ You must choose **generic medications** when they are available. Generic medications have the same ingredients as brand drugs, without the high price tag.
- ▶ You must fill your prescription at **specific pharmacies** within the St. Louis area. These include:
 - Beverly Hills Pharmacy
 - CastiaRx Pharmacy
 - CVS
 - Dierbergs
 - Medicine Shoppe
 - Sam’s Club
 - Schnucks
 - Walmart
- ▶ Medications on the **High Priority Drug List** are covered for ONLY two 30-day fills per year.
 - ▶ If you are prescribed a High Priority Drug, contact the drug maker to request assistance in getting your medication at reduced or no cost.
 - ▶ If you do not take this step, you will pay 100% of the discounted drug cost after getting two 30-day fills.
 - ▶ The High Priority Drug List includes:
 - **Diabetes drugs:** Lantus, Novolog and Novolin
 - **Asthma inhalers:** Atrovent, Spiriva, Ventolin, Proair, Respiclick, Symbicort, Advair, Flovent and Proventil
- ▶ You must get your prescription(s) from Department of Health Physicians.
 - ▶ If a medication is prescribed by a non-panel doctor, a special review is required and can be requested at the number below.
- ▶ Many drug companies offer programs to help people afford their drugs. We encourage you to ask your doctor about manufacturer assistance programs whenever possible for help with costs.

We’re here around the clock to help you with questions you have regarding your prescription benefits. Contact Member Services at **314.652.3121** or **MemberServices@CastiaRx.com**.
